**NEW SKIRT  
FOR 1866.**

The Great Invention of the Age in Hoop Skirts.

J. W. BRADLEY'S

NEW PATENT

Duplex Elliptic

FOR DOUBLE SPRING SKIRT.

WEST'S, BRADLEY, & GARY,

Sole Proprietors and Manufacturers.

Warehouse and Office

97 Chambers and 79 and 81 Beale street,

NEW YORK.

THIS INVENTION CONSISTS OF DUPLEX ELLIPTIC FOR DOUBLE SPRING SKIRTS, WHICH IS THE GREAT INVENTION OF THE AGE IN HOOP SKIRTS.

TO MAKE THE TOUGHEST, BEST, FLEXIBLE,

STURDY, STYLISH, AND ELEGANT SKIRTS,

AND OTHERS, LIKE THE SISTER, SPRINGER, AND CON-

TESTOR, WHICH TWICE AS LONG AS ANY SINGLE SKIRT.

THE INVENTION IS SO FLEXIBLE AND STURDY, AND

SKIRT WILL BE UNPREDUCED IN ALL ENCLAVE,

AND WILL BE UNPREDUCED IN ALL ENCLAVE,

FRIDAY, MARCH 28, 3 A.M.

PEOPLES MASS CONVENTION.

In response to numerous requests from men of all parties, at various portions of the State, we arranged that a grand mass meeting of the friends of President Johnson's restoration policy will assemble in this city on WEDNESDAY, THE SEVENTH OF NEXT MAY. All the counties of the State are earnestly requested to send delegations to the meeting, irrespective of old party issues or party name, that the people of Kentucky may clearly express their determination to sustain the President against the radical elements of the country.

THE KENTUCKY SOLDIERS' GRAND REUNION.

On the 6th and 7th of April, there will be a Grand Convention of the Federal Soldiers of Kentucky in this city. The noble and gallant men to whom our State is so largely indebted for the preservation of its peace, honor, and safety, are cordially invited to be present from every county.

By order of the Committee of Arrangements.

We cannot conceive it necessary for us to make an appeal to the citizens of Louisville to accommodate the brave men who have risked their lives on the battle-field who will have no place to go. In our community they would be too glad to entertain them. Such a display will leave a mark on our city, showing how many they can accommodate, and their place of residence.

MESSAGE OF THE GENERAL. CINCINNATI, Ohio, Friday, March 28.—The Council met pursuant to adjournment, most of the members being present.

A message from the Mayor was received, involving a statement from General Boyle, President of the City Railway Company, relative to the repairing of the street along the tracks of said road. Referred to Street Committee of both cities, in conjunction with the Mayor.

The bond of A. T. Johnson, Chief Engineer of the City Department, and Mrs. Emily Gandy, Superintendent Madier Hospital, were approved.

The question of furnishing gas lamps on Portland Avenue was called up, but the estimate of costs, which the Gas Company was requested to furnish, was not forthcoming, and the Special Committee reported that there had not been sufficient time to do so.

Mr. Keay then moved the adoption of the resolution of Mr. Gray, at the previous meeting, which directed him to appropriate the contingent fund of the city in the Gas Company to carry out the object, namely, to furnish Portland Avenue, &c., with gas.

Mr. Gray stated that the probable cost would be \$20,000, inclusive of a gasometer in the lower part of the city. The resolution passed as amended.

A number of petitions for building bridges, improving streets and alleys, &c., were referred to the Auditor.

An ordinance to amend an ordinance, fixing the price of license for exhibitions, &c., adopted so far, that the rates shall only pay \$100 per year, was offered by Mr. Balancy, and 100 by 64, yeas 14.

A number of tavern and coffee-house licenses were granted, and a few rejected.

The estimate of the City Engineers for filling up the cleft wharf from First to Fourth, allowing P. Pfeifer & Brother, \$6,688.05 for work done already, was presented and recommended.

The report of the Superintendent of the Hospital for the month of February was received, and the costs thereof to the amount of \$1,269.00 allowed.

Mr. Keay offered an ordinance to the effect that in the month of July and every year thereafter two City Priests shall be selected, whose salaries shall be five cents per hour for every insertion, two cents for every insertion afterwards, the type to be brever or minor, and the ordinaries to be inserted in the paper.

Two new commissioners were appointed on the last session of the General Assembly, one from each of the two City Priests, to whom the expenses of the paper were to be paid, and the other to receive a portion of the same.

The resolution was carried, and the paper was to be inserted in the paper.

Mr. Keay then moved the adoption of the resolution of Mr. Gray, at the previous meeting, which directed him to appropriate the contingent fund of the city in the Gas Company to carry out the object, namely, to furnish Portland Avenue, &c., with gas.

Mr. Gray stated that the probable cost would be \$20,000, inclusive of a gasometer in the lower part of the city. The resolution passed as amended.

An ordinance was offered, defining the limits of the city of Louisville. Adopted in the lower part of the city. Adopted in the lower part of the city.

The ordinance, to amend an ordinance changing the limits, as heretofore existed.

Mr. Caldwell offered a resolution, which passed both houses, to donate \$50,000 to the Southern Indiana Railroad, under certain restrictions, for the purpose of building the road.

The committee, to whom was referred the bill, voted to accept the same.

The resolution passed both houses to appoint a joint committee of two from the lower and one from the upper, to select and designate the persons to be present at the April election. From the lower house Morris Keay and Spaulding, and from the upper house Mr. Hubbard, was appointed as such.

The Council then adjourned till Tuesday, the 27th day of March.

THE FIRE INSURANCE COMPANY.—Loss Five Thousand Dollars.—We sincerely hope the mention of the fire at the Government buildings on the corner of Kork and Eighth streets, the result of a short time ago sold by the Government, and purchased by the Louisville Bridge and Iron Company, in White Ashland, Cochrane, & Co., are the principal factors. Altogether there were five fires in the buildings, caused by the Government for the same purpose, the business being carried on through Ainslie, Cochrane, & Co., who are extensive founders and iron bridge builders. They were doing a vast amount of work, almost to completion. On the 2d of March, the neglect of the watchmen on duty at the iron, or from some other inexcusable cause, the fire was allowed to burn for nearly an hour before the signal was given. The steam-engine went out with their usual expedition, but the headway gained by the flames and the difficulty in obtaining a supply of water, baffled all their efforts to re-treat the conflagration to the property.

The reported loss to the buildings and premises is a good one. We do not doubt that it will be an excellent paper. But we don't see why it should appear the front of a Sunday paper in this city. Surely the Sunday paper is a very fine paper.

CONTRACTOR FOR TAIL.—Isaac W. Phillips, arrested on Wednesday for stealing goods from the store of McGuff & Mullin, was presented in the Police Court yesterday morning and held to bail in the sum of \$600 for his appearance at the next term of the Circuit Court. Six was remanded to jail.
